A sanitizing 1% iodine teat dip, NPE-free

- 1% Iodine, 10% glycerin
- An aid in reducing the spread of organisms which may cause mastitis
- For use before and after milking
- Emollient system provides excellent skin conditioning properties, minimizes teat irritation
- NPE-Free to reduce environmental impact
- For lactating dairy cows and dairy goats
- FDA regulated, NDC #060282-2201

Directions

- **DO NOT DILUTE.**
- Dip teats immediately after milking as a routine part of milking procedures.
- Dip to **THOROUGHLY COVER** at least the lower one-third of the teat (preferably to the base of the udder), **IMMEDIATELY** after every milking.
- Empty and clean dip cups after each milking, or during milking, if they become contaminated.
- Do not pour used dip back into original container.
- **KEEP FROM FREEZING**
- Keep container closed to prevent contamination.
- Store container in an upright position.

Chemical Characteristics
